

Mobile Branch Service Closure Review (Part 1) – Cirencester route

Following an in-depth review, we'll no longer be offering a Mobile Branch service in this area by 31 May 2024

Background and decision

We've been looking at how customers are using our Mobile Branches. Many are using them less and choosing other ways to bank instead. Because of this we've made the decision to end this service. This includes all the stops on this route.

What this means for you

We're still here to support you and there's a number of ways you can do your everyday banking with us – online, on your mobile, over the phone or at a Post Office®. You can also use a branch. After the service ends a Community Banker will be available in Tetbury. They can offer support and guidance on the ways you can bank with us. Read on to find out more, and for a summary of our review. Following engagement with the local community, an overview of feedback we receive will be given in our Mobile Branch Service Closure Review Part 2.

How we made our decision

When we close a Mobile Branch, we complete a detailed impact analysis which includes:

- How customers are choosing to bank with us
- How often customers use the Mobile Branch and how that usage is changing
- Current services available in the Mobile Branch and the Mobile Branch opening hours
- Assessment and check of alternative ways to bank including their proximity and accessibility – this is confirmed by a visit
- Assessment of public transport, availability and frequency
- Assessment of Broadband availability
- Impact on our customers including those who are vulnerable or may need additional support
